Sal Esquivel
Committee to Elect Sal Esquivel
11 Corning Court
Medford, OR 97504

Dear Sal,

It is my pleasure to announce that the Independent Electrical Contractors of Oregon has endorsed your campaign for the 2010 General Election. Should you wish to include our endorsement in your Voter's Pamphlet statement, we have included a signed SEL-400.

Our members believe in the merit philosophy. This means that the best contractor or best employee for the job is the right one for the job and that the playing field of bidding should be level regardless of labor affiliation. It also means a commitment to quality and fairness.

IEC Oregon is comprised of over 150 members spread across the state of Oregon. Our members are leaders in innovation and are active in apprenticeship training through the state. In fact, open-shop electrical apprenticeship programs currently have more enrolled apprentices than any craft or competing union program in the state. For more information please visit www.iecoregon.org

Thank you for your willingness to serve. We look forward to working with you throughout your campaign and during the 2011 Legislature.

Sincerely,

A handwritten signature in cursive script that reads 'John Killin'.

John Killin
